

The City of Bloomington Dr. Martin Luther King, Jr. High School Student

Web Design Contest

The King Commission celebrates Dr. King's birthday and promotes the acceptance of diversity.

Dr. King once said *"I am convinced that if we are to get on the right side of the world revolution, we as a nation must undergo a radical revolution of values. We must rapidly begin the shift from a "thing-oriented" society to a "person-oriented" society. When machines and computers, profit motives and property rights are considered more important than people, the giant triplets of racism, materialism, and militarism are incapable of being conquered."*

Are Dr. King's words relevant today to the United States of America?

What can students do to make our nation a more "person-oriented" society?

Your Web design should address the questions above. You may incorporate text, graphics, art, audio, video and/or any Web technology such as MySpace or YouTube.

Individual as well as class projects encouraged.
